Dear Teague Families,

I would like to welcome all families to Teague Middle School. We currently have 1387 students enrolled at Teague and we encourage each family to become an active member of our school. Please consider becoming a dividend/volunteer and walk with us in supporting the academic and behavioral needs of all students. Your past willingness to become a dividend and volunteer at Teague has allowed us to open the PBS Spirit store, provide extra support and tutoring in math and recognize the great work of our staff. We welcome you to join us in helping in the media center, monitoring the hallways and teaming with us to oversee the lunches. Your presence on our campus will serve to ensure that our students have a vast array of role models to emulate.

I want to thank each of you for your patience as we finalize the hiring of highly qualified teachers. It is the expectation that our students are provided quality instruction and that we continue to work toward ensuring that all students acquire the knowledge, skills, and attitudes to be productive citizens. The Institute of Innovation @ Teague Middle School, will cultivate future ready graduates through a professional, collaborative environment in which all teachers inspire students to be creative and innovative learners.

Please be reminded that no students should be on campus unsupervised prior to 8:50 AM each day. Since students often need a safe place to begin the day before the traditional school hours and to end the day awaiting parent arrival. We have partnered with the SCPS Kids Zone to provide a before and after school program for all interested students. There is a nominal weekly fee associated with this program. Each student attending will receive a snack, homework assistance and enrichment activities. Details can be found on the Teague website. Teague will offer a structured tutoring program that addresses the needs of specific subject areas, beginning November 6. Contact Ms. Argrett, Dean of Students with questions regarding tutoring.

Please review the important dates below and access the Teague website for details about each of these opportunities.
